2016-17

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

Faculty of Technology and Engineering

M S Patel Department of Civil Engineering

CURRICULUM FEEDBACK FORM

B. Tech (Civil Engineering)

---

1. Do you feel that the content of the syllabus is adequate enough to meet the learning objectives listed in the syllabus of the Course?

Highly Adequate	Adequate	Neutral	Inadequate	Highly Inadequate
✓				

2. Do you feel that the time allocated for completing the syllabus is adequate for the Course?

Highly Adequate	Adequate	Neutral	Inadequate	Highly Inadequate
	✓			

3. Do you feel that the practical components included of the curriculum of the Course (if applicable) are adequate?

Highly Adequate	Adequate	Neutral	Inadequate	Highly Inadequate
✓				

4. Do you feel that the references listed in the course curriculum are adequate enough to cover the content of the syllabus?

Highly Adequate	Adequate	Neutral	Inadequate	Highly Inadequate
	✓			

5. What modification you suggest in the curriculum of the Course for improving its effectiveness? (You may give suggestions on course consent, credits, marks allocation and assessment criteria.

As there is little gap between actual field work & theories, I think student should attain this kind of training sincerely & institute should arrange this kind of training period frequently.
