Summary of Feedback on Curriculum by Students
Academic Year 2019-20

Semester	Subject Name	Please give suggestions for the improvement of the course
Sem - 2	CE144 - Object Oriented Programming with C++	Lecture taken in class were very pretty good Amit sir explained each and every topic to depth but practical session was not up to the mark
		University must also include an overview that how c++ is actually used in industry and for what purpose so we can get better idea for the language.
		Improve example question
		Please try to explain theory in practical lab and make it practical.no need to separate theory lectures.
		nothing has to been change in course
		this is a practical subject. you should emphases on practical projects team work projects not only on exam during a year. It can be a definite productive task for students.
		Inclusion of topics like "Templates", "Error handling" and "STL" in the syllabus will be good.
		It needs to be improvised specially when something is taught online
		Practical lecture should be increase instead of theory lecture.
		please do low quantity of assignments
		Please add standard template library in course

		Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
The course contents met with your expectations	Q-1	0	49	10	1	12
The contents were illustrated with adequate examples	Q-2	18	42	12	0	0
Practical assignments were of reasonable length and level.	Q-3	16	43	10	2	1
Quality of the question papers was adequate	Q-4	19	38	15	0	0
Quality of the practical examination was adequate	Q-5	18	41	12	1	0
e course exposed you to new knowledge and practices	Q-6	14	50	7	1	0
		Yes	No			
Were objectives of the course clear to you?	Q-7	71	1			
		Too high	High	Low	Too Low	
The level of the course was	Q-8	0	63	8	1

Semester	Subject Name	Please give suggestions for the improvement of the course
Sem-4	IT245.01 – Computer Organization & Microprocessor Interfacing	Students must be taught how to solve GATE numerical mcq better.
		More examples-based learning would be beneficial.
		PRACTICAL LEARNING APPROACH SHOULD BE MORE
		WE WERE NOT EVEN TAUGHT THE HALF OF PRACTICAL LIST ALSO
		Do Conducts more Lectures
		Explain with more examples so that student can understand.

Semester	Subject Name	Please give suggestions for the improvement of the course
Sem-4	IT248.01 - Database Management System	All things are good
		There is need for some modification in teaching methodology in concurrency related chapters.
		Need to Add Indexing portion
		NOTHING TO IMPROVE ALL GOES WELL
		Explain with more examples in topics like recovery system and deadlock as they are important.

Academic Year 2019-20

Semester	Subject Name	Please give suggestions for the improvement of the course
Sem-4	IT247.01 - Data Structures & Algorithms	
		Practical sessions can be improved with respect to programming.
		Motivate students to do competitive programming. Class activities were great (thanks to Amit sir).
		AMIT SIR'S TEACHING METHOD IS PERFECT AND ON-POINT
		No suggestion because course was understood with very perfection.
		Practical Sessions Should be increased than theory because Student Learn more through practice than Grasping Theory.

Academic Year 2019-20

Semester	Subject Name	Please give suggestions for the improvement of the course
Sem-4	IT246 - Web Engineering	One session must be organized to show to how full stack websites/web applications are developed, hosted & deployed.
		Remove PHP as it is out dated and include Django, nodeJS, deno, firebase. Also teach us TypeScript along with minimum ES6 JavaScript.
		EVERYTHING IS PERFECT INCLUDING BOTH SIR'S HARDWORK
		Do Conducts more lectures on PHP and JS
		Take more time to explain important topics like php and sql.
